## Agreement obliging safe working methods for third parties

Between:

A. Principal : voestalpine Polynorm van Niftrik B.V.

Hereinafter called the "Principal"

and

B. Contractor : ..... (name of firm)  
..... (street and town),

hereinafter called the "Contractor".

The contractor hereby confirms that the work to be undertaken at and/or for the principal will be executed in accordance with the laws and regulations applying to the activities concerned.

The contractor confirms that:

1. he is responsible for advising the contractor's employees, before the works are commenced, of the current laws, regulations, safety requirements, etc. applicable to the works to be executed;
2. the contractor's employees will observe these laws and regulations;
3. he undertakes to execute the works in such a way that no risks will arise for the principal's employees, visitors, etc.;
4. all machines, aids, personal protection, etc. issued by the contractor to his employees will be correctly used and that they comply with all legally required inspection regulations and safety requirements;
5. he declares his agreement to the fact that the principal accepts no liability for accidents and events of any kind whatever even if resulting in injury, death or material damage caused by the contractor's works;
6. he assumes responsibility for making good losses resulting from accidents or events caused by the contractor, of whatever kind;
7. he is authorised to sign this declaration by virtue of his position;
8. he has received and approved voestalpine Polynorm van Niftrik B.V.'s environmental and safety precautions and smoking and eating policy (appended (F-380-001 + F-900-014)). He has also ensured that they are known to his employees;
9. he will verify execution of the above points.

On failure to observe the said rules, the Principal reserves its right to

1. have the work stopped;
2. have the person or persons concerned removed from the work.

In each case without accepting liability of any kind for any consequences of any kind whatever possibly associated therewith.
