

CONSOLIDATED CORPORATE GOVERNANCE REPORT 2017/18

COMMITMENT TO THE AUSTRIAN CORPORATE GOVERNANCE CODE

The Austrian Corporate Governance Code provides Austrian stock corporations with a framework for managing and monitoring their company. The Code aims to establish a system of management and control of companies and Groups that is accountable and geared to creating sustainable, long-term value. It is designed to increase the degree of transparency for all stakeholders of a company.

The Code is based on the provisions of Austrian stock corporation, stock exchange, and capital market law; the EU recommendations regarding the responsibilities of members of supervisory boards and the compensation of directors; as well as the basics of the OECD Principles of Corporate Governance. Since 2002, the Code has undergone a number of revisions. The present

Corporate Governance Report is based on the most recent amendment of the Code, which was adopted in January 2018.

» The Code is publicly accessible
www.corporate-governance.at

The Code achieves validity when companies voluntarily undertake to adhere to it. The Management Board and the Supervisory Board of voestalpine AG decided as early as in 2003 to recognize the Corporate Governance Code and have also accepted and implemented the amendments introduced since that date. voestalpine AG has thus committed itself to comply with the most recent version of the Austrian Corporate Governance Code, as amended.

In addition to the mandatory “L rules,” the Company also complies with all of the “C rules” and “R rules” of the Code.¹

¹ The Corporate Governance Code contains the following rules: “L rules” (= Legal) are measures prescribed by law; “C rules” (= Comply or Explain) must be justified in the event of non-compliance; “R rules” (= Recommendations) are recommendations.

COMPENSATION REPORT FOR MANAGEMENT BOARD AND SUPERVISORY BOARD

MANAGEMENT BOARD

The fixed compensation of the Management Board is determined by the General Committee of the Supervisory Board pursuant to Austrian legal requirements and is reviewed periodically.

The award of a bonus is subject to a target agreement to be concluded with the General Committee of the Supervisory Board that consists of quantitative and qualitative targets. The maximum bonus is limited to 200% of the annual gross salary for members of the Management Board and to 250% of the annual gross salary for the Chairman of the Management Board. If the agreed target values for quantitative targets are achieved exactly, 60% of the maximum bonus applies; if the agreed target values for qualitative targets are achieved, 20% of the maximum bonus applies. The overachievement of the targets is taken into consideration proportionately until the maximum bonus is reached. The quantitative targets are "earnings before interest and taxes" (EBIT) and "return on capital employed" (ROCE). Specific target amounts are determined periodically (in each case for a period of three years) by the General Committee of the Supervisory Board in consultation with the Management Board. They are computed independently of the respective budget and/or the medium-term business plan, i.e. budget compliance does not mean that a bonus is granted. The stipulated qualitative targets for the business year 2017/18 were, first, presentation of a report to the Supervisory Board regarding the core elements of the digital transformation of the voestalpine Group and, second, presentation of the long-term

fundamentals regarding sustainability and diversity in the voestalpine Group.

The amount of the contractually approved company pension payable to the members of the Management Board Dr. Eder, Mag. Dipl.-Ing. Ottel, and Dipl.-Ing. Eibensteiner depends on the length of their service. The amount of the annual pension equals 1.2% of the most recent annual gross salary for each year of service. However, the pension benefit cannot exceed 40% of the most recent annual gross salary (excluding variable compensation). A defined contribution arrangement was put in place for the members of the Management Board Dipl.-Ing. Rotter, Dipl.-Ing. Dr. Kainersdorfer, and Dipl.-Ing. Dr. Schwab (pursuant to which the Company pays 15% of their annual gross salary (excluding bonuses) into the pension fund). If an individual is appointed to the Management Board repeatedly, as of the current business year the defined contribution plan may be linked to the option to raise the given pension to a specific level upon retirement at the discretion of the General Committee of the Supervisory Board. Upon termination of their director's contracts, Management Board members are granted severance pay that is modeled on the approach set forth in the Austrian Employment Act (*Angestelltengesetz – AngG*); the maximum allowable under the law may not be surpassed.

D&O insurance has been taken out for the members of the Management Board (as well as for executives) and for the members of the Supervisory Board at a cost of EUR 0.2 million (2016/17: EUR 0.1 million) that is borne by the entity.

The compensation paid to the members of the Management Board of voestalpine AG is structured as follows for the business year 2017/18:

	Current fixed compensation	Current variable compensation	Total
Dr. Wolfgang Eder	1.10	2.66	3.76
Dipl.-Ing. Herbert Eibensteiner	0.80	1.53	2.33
Dipl.-Ing. Dr. Franz Kainersdorfer	0.80	1.53	2.33
Mag. Dipl.-Ing. Robert Ottel, MBA	0.80	1.53	2.33
Dipl.-Ing. Franz Rotter	0.80	1.53	2.33
Dipl.-Ing. Dr. Peter Schwab, MBA	0.80	1.53	2.33
2017/18	5.10	10.31	15.41
2016/17	5.10	7.88	12.98

In millions of euros

In addition to the compensation contained in the above table, the following service costs (personnel expenses) are recognized in the Consolidated Financial Statements for members of the Management Board with defined benefit pension agreements: Dr. Eder EUR 0.00 million (2016/17: EUR 0.00 million), Mag. Dipl.-Ing. Ottel EUR 0.35 million (2016/17: EUR 0.30 million), and Dipl.-Ing. Eibensteiner EUR 0.31 million (2016/17: EUR 0.27 million). Given the potential upgrading described above, a de facto defined benefit pension agreement with past service costs has been recognized as follows in the Consolidated Financial Statements for the Management Board members with defined contribution pension agreements: Dipl.-Ing. Rotter EUR 0.37 million, Dipl.-Ing. Dr. Kainersdorfer EUR 0.88 million, and Dipl.-Ing. Dr. Schwab EUR 0.24 million; in the business year 2017/18, pension fund contributions of EUR 0.12 million in each case (2016/17: EUR 0.12 million in each case) are expensed in the Consolidated Financial Statements for these Management Board members. Pension payments amounting to EUR 1.00 million (2016/17: EUR 0.96 million) were paid by the pension fund for former members of the Management Board with defined benefit pension agreements.

As of the reporting date, the outstanding balance of the variable compensation was EUR 8.22 million (2016/17: EUR 6.64 million). No advances or loans were granted to the members of the Management Board of voestalpine AG.

Directors' dealings notices of the members of the Management Board are published on the Company's website (www.voestalpine.com) » Investors » Corporate Governance).

SUPERVISORY BOARD

Under Article 15 of the Articles of Incorporation, the shareholder representatives on the Supervisory Board of voestalpine AG are paid compensation of 0.1% of the profit after tax pursuant to the adopted Consolidated Financial Statements. The total amount is distributed as follows based on an allocation key: 100% for the Chairman, 75% for the Deputy Chairman, and 50% for each of the other members, with a minimum compensation of EUR 27,000 for the Chairman, EUR 20,000 for the Deputy Chairman, and EUR 13,000 for each of the other members of the Supervisory Board pursuant to the amendment of Article 15

of the Articles of Incorporation resolved by the Annual General Meeting 2016. The compensation of the Supervisory Board is limited to four times the stated amounts. The members of the Supervisory Board nominated by the Works Council do not receive any compensation. All members of the Supervisory Board are paid an attendance fee of EUR 500 per meeting. No separate compensation is paid for meetings of the committees of the Supervisory Board, but an attendance fee of EUR 500 per meeting is paid nonetheless.

According to this arrangement, the shareholder representatives on the Supervisory Board were paid the following compensation for the business year 2017/18: Dr. Joachim Lemppenau (Chairman): EUR 108,000 (2016/17: EUR 108,000); Dr. Heinrich Schaller (Deputy Chairman): EUR 80,000 (2016/17: EUR 80,000); all other shareholder representatives: EUR 52,000 (2016/17: EUR 52,000).

The Articles of Incorporation have contained finalized rules as to the annual compensation of the members of the Supervisory Board and the method of calculating it since the 2006 Annual General Meeting. As a result, the Annual General Meeting need not adopt a separate resolution every year.

The compensation of the Supervisory Board (including attendance fees) for the business year 2017/18 totaled EUR 0.54 million (2016/17: EUR 0.55 million). The compensation of the Supervisory Board for the business year 2017/18 is paid out at the latest 14 days after the Annual General Meeting on July 4, 2018. No advances or loans were granted to members of the Supervisory Board of voestalpine AG.

Directors' dealings notices of the members of the Supervisory Board are published on the Company's website (www.voestalpine.com) » Investors » Corporate Governance).

As legal counsel to voestalpine AG and its subsidiaries, the law firm of Binder Grösswang Rechtsanwälte GmbH, of which the Supervisory Board member Dr. Michael Kutschera is a partner, provided legal services in the business year 2017/18 particularly in connection with matters related to antitrust and real estate law. Fees for these matters were invoiced at the general hourly rates of

the law firm of Binder Grösswang Rechtsanwälte GmbH applicable at the time. For the business year 2017/18, total net fees of EUR 15,808.00 (2016/17: EUR 32,098.00) were incurred for services provided by Binder Grösswang Rechtsanwälte GmbH.

INFORMATION REGARDING THE INDEPENDENCE OF THE MEMBERS OF THE SUPERVISORY BOARD

All of the members elected to the Supervisory Board by the Annual General Meeting have confirmed that they consider themselves to be independent based on the criteria defined by the Supervisory Board (Corporate Governance Code, Rule 53). The criteria for independence defined by the Supervisory Board may be viewed on the Company's website, www.voestalpine.com. Furthermore, with the exception of Dr. Heinrich Schaller, who represents the shareholder Raiffeisenlandesbank Oberösterreich Invest GmbH & Co OG, and Mag. Dr. Josef Peischer, who represents the voestalpine Mitarbeiterbeteiligung Privatstiftung, none of the members elected to the Supervisory Board by the Annual General Meeting are shareholders with an investment of more than 10% or represent the interests of such shareholders (Rule 54).

COMMITTEES OF THE SUPERVISORY BOARD

The Articles of Incorporation authorize the Supervisory Board to appoint committees from among its ranks and to define their rights and responsibilities. The committees can also be given the right to make decisions. In accordance with the ratio defined in Section 110 (1) Austrian Labor Constitution Act (*Arbeitsverfassungsgesetz - ArbVG*), the employee representatives on the Supervisory Board have the right to nominate members with a seat and a vote for Supervisory Board committees. This does not apply to committees that handle relations between the Company and the members of the Management Board.

The following Supervisory Board committees have been established:

GENERAL COMMITTEE

The General Committee is both the Nomination and the Compensation Committee as defined in the Corporate Governance Code.

As the Nomination Committee, the General Committee submits recommendations to the Supervisory Board as to the filling of Management Board positions that are becoming vacant and handles issues related to succession planning. As the Compensation Committee, the General Committee is also responsible for executing, amending, and dissolving employment agreements with members of the Management Board as well as for all matters associated with the management of Management Board members' stock option plans. Furthermore, the General Committee has the right to make decisions in urgent cases. It also makes decisions as to whether members of the Management Board are permitted to take on ancillary activities.

- » Dr. Joachim Lemppenau (Chairman)
- » Dr. Heinrich Schaller (Deputy Chairman)

It is also this committee's responsibility to review the Group's Consolidated Financial Statements and to submit a recommendation for the selection of the auditor and to report to the Supervisory Board in this matter. Furthermore, the Audit Committee is responsible for monitoring the effectiveness of the Company-wide internal control system, the internal audit system, and the risk management system.

NUMBER OF AND SIGNIFICANT CONTENT OF THE MEETINGS OF THE SUPERVISORY BOARD AND THE COMMITTEE IN THE BUSINESS YEAR 2017/18

During the business year 2017/18, the Supervisory Board fulfilled its responsibilities under the law and the Articles of Incorporation, holding five plenary sessions, three meetings of the Audit Committee, and one meeting of the General Committee. In addition to regular reports on the Group's current business and financial position, these meetings dealt in particular with corporate acquisitions, the core elements of the voestalpine Group's digital transformation, succession planning as well as matters involving raw materials supplies, innovation, and IT. The Audit Committee dealt especially with the preparation and review of the Company's consolidated and individual financial statements, the preparation of the recommendation regarding the appointment of the auditor as well as topics related to the internal control system, the risk management system, and Internal Auditing.

The auditor, Grant Thornton Unitreu GmbH Wirtschaftsprüfungs- und Steuerberatungsgesellschaft, Vienna, Austria, attended all three meetings of the Audit Committee and was available for questions and discussions.

At the last meeting of the business year, the Supervisory Board also carried out the self-evaluation stipulated under Rule 36 of the Corporate Governance Code and, after asking the Management Board to leave the room, used a list of questions to deal with the general cooperation between Management Board and Supervisory Board, the

quality and scope of the documents made available to the Supervisory Board as well as organizational issues.

PRINCIPLES OF THE voestalpine GROUP'S COMPENSATION POLICY

Employees' total compensation is paid, for one, in the form of a fixed salary in line with market conditions and, for another, in the form of variable compensation.

The amount of the fixed salary is based on the activities, role, and position of the given employee, as well as their individual experience and expertise. Any relevant statutory requirements and contracts under collective bargaining agreements or works agreements are complied with as applicable. The amount of variable compensation is contingent on the achievement of stipulated targets. Depending on the given employee's role, both qualitative and quantitative targets are agreed (in particular EBIT and ROCE). Targets are usually set for one business year at a time.

There are limits on the maximum possible variable compensation and the weighting of targets with respect to managing directors and executives. Compensation packages for all other employees are determined by the individual companies in line with market conditions, taking into account both local practice and local requirements. Various compensation elements are possible, including non-monetary elements:

- » Pension plans (e.g., in the Austrian pension fund)
- » Insurance (e.g., accident insurance)
- » Discounts on cafeteria offerings
- » Coupons

The compensation packages for managing directors and executives always include variable compensation (bonus) and, in some cases, both a pension plan and a company car.

COMPOSITION OF THE MANAGEMENT BOARD AND THE SUPERVISORY BOARD

The selection of Management Board members is based on the following material criteria: professional suitability (i.e. whether the candidate possesses the requisite competence and experience) and personality traits (e.g. personal integrity). In addition, age and gender are also included in the decision-making process. Independent management audits by external advisers as necessary ensure that the decisions are also based on objective evaluations. At present, no woman sits on the Management Board of voestalpine AG. There is balance in terms of the distribution of age, educational background, and professional experience.

The shareholder representatives on the Supervisory Board are elected by the Annual General Meeting in accordance with the applicable statutory framework. This also includes taking account of the requirements under the Austrian Act on Gender Parity in Supervisory Boards (*Gleichstellungsgesetz von Frauen und Männern im Aufsichtsrat – GFMA-G*). At this time, the Supervisory Board includes one woman and one non-Austrian national. There is balance in terms of the distribution of age, educational background, and professional experience.

STEPS FOR PROMOTING WOMEN

In the business year 2017/18, the percentage of female executives was about 12.3%, a slight increase over the previous year (11.5%). One woman has been appointed to a divisional management position since the business year 2013/14.

Within the scope of internal leadership development efforts, great importance is being placed on continuing to expand the percentage of female participants. The Group is trying to ensure that women are represented at each training level of the Leadership Development Program (“value program”). Of the total of 254 participants in the business year 2017/18, 15.7% were women. This means that the percentage of women has increased slightly compared with the previous

year (15.1%) and still exceeds the percentage of women in the Group.

Overall, the percentage of women in the voestalpine Group in the business year 2017/18 was 13.8% (previous year: 13.5%). There are industry-specific, historical, and cultural reasons for this percentage—which remains low compared with other industries. In the consciousness of the public, the image of a steel, technology, and industrial goods company is still the image of heavy industry and, therefore, broad-based recruitment of female employees is a challenging undertaking. Nonetheless, the percentage of women in the voestalpine Group among salaried employees up to the age of 30 is now around 40.5%; despite all of our efforts, however, women still only account for a mere 6.0% among workers.

None of the Group companies have explicit “female quotas.” Instead, the voestalpine Group is striving to raise the percentage of women in the Group at all levels through appropriate measures. This includes a number of activities, some of which are country-specific, e.g. participation in the “Girls’ Day,” the specific advancement of women in technical apprenticeships, and/or boosting the hiring of female graduates of technical schools and universities. In addition, the establishment and expansion of in-house child care facilities and/or collaborations with external facilities is being accelerated. Such facilities and collaborations can be found at the Group’s plants in Linz and Leoben/Donawitz, Austria, for instance. As a result of these efforts, by now women are also employed in leadership positions in traditionally male-dominated, technical areas of the Company. Women also occupy executive positions in the financial, legal, strategic, communications, and human resources departments in a number of Group companies. For example, “Legal and Compliance” in two of the four divisions is headed by women.

As part of the annual human resources report, data on the percentage of women in executive positions is regularly collected and analyzed based on qualifications and training programs for the purpose of monitoring the sustainability of all measures.

EXTERNAL EVALUATION OF COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE

The Corporate Governance Code provides for a regular external evaluation of compliance with the Code by the Company. This evaluation was carried out by the Group's auditor as part of the audit of the 2017/18 financial statements. The law firm WOLF THEISS Rechtsanwälte GmbH & Co KG conducted the review of compliance with the C rules of the Code regarding the audit (Rules 77 to 83). As a result of this evaluation, the auditors have determined that the declaration

provided by voestalpine AG with regard to compliance with the Corporate Governance Code as amended in January 2018 conforms to actual conditions.

The external review may be inspected on the Company's website, www.voestalpine.com.
