Flexroof 3.0

voestalpine Sadef nv
www.voestalpine.com/sadef

Online tool for project specific design, including local design standards. The system generates detailed drawings, ballast plan, 3D images and Bill of Materials.

Flexibility

The Flexroof system can handle multiple pitch dimensions and slopes. Dismantling and rebuilding is possible without loss of quality (solid, reusable bolt/nut connections).

FastFoot

Concrete blocks with pre-drilled holes allowing a quick installation and evacuation of water, snow, branches and leaves.

Engineering

In-house engineering and helpdesk at your disposal.

Production

Vertically integrated manufacturing capability.

Conformity

voestalpine Sadef profile solutions are CE certified and have an ISO 9001 and 1401 certification.

Durability

Metallic coated steel components to guarantee a long lifetime.
