

# Cut shape facility

## Cut shapes and standard cut plates

### High-strength and wear-resistant sheets, ex stock

Under the brand names durostat® und alform®, voestalpine offers one of the most extensive ranges of wear-resistant heavy plates. These cut plates are available from the cut shape facility in sizes up to 12 x 3 meters in a wide variety of thicknesses.

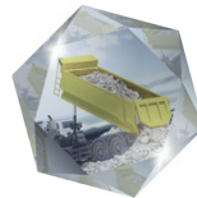

#### alform®

Superior solutions in high-strength and ultra-high-strength TM steel

- Weight and volume reduction
- Best cuttability
- Very good cold formability
- Outstanding weldability
- Excellent toughness
- Perfect flatness
- Clean surface

## Dimensions available ex works

Initial dimensions: 12,000 x 3,000 mm, 12,000 x 2,500 mm, 12,000 x 2,000 mm  
 Further standard dimensions: 6,000 x 2,000 mm, 3,000 x 1,500 mm

Individual dimensions can be cut at short notice from the standard dimensions and supplied upon request.

## Stock dimensions of cut shapes and standard cut plates

	Thickness [mm]	Maximum width [mm]
<b>durostat 400</b>	6.0 ≤ 12.0 > 12.0 ≤ 100	2,500 3,000
<b>durostat 450</b>	6.0 ≤ 12.0 > 12.0 ≤ 50.0	2,500 3,000
<b>durostat 500</b>	8.0 ≤ 50.0	2,500
<b>alform plate 700 M</b>	8.0 ≤ 60.0	3,000

## Technical consultation and services

Our experienced team of experts will be happy to answer any of your questions regarding the selection of steel grades and further processing properties.
