

WELCOME TO THE VOESTALPINE TUBULARS APP

Start your virtual tour

myTubulars APP

Our world is based on hightech seamless pipes that can withstand the toughest conditions, day in, day out. To see behind the curtain of our company we've created the myTubulars APP, which will give our customers the possibility to be up to date all the time.

VIRTUAL REALITY TOUR

This feature gives you the chance to experience our mill from a completely new point of view – a 360° view. It allows you to discover 6 locations within our mill – the Hot Rolling Mill, the Heat Treatment Line, the OCTG Connection Testing Facility, the OCTG Finishing Line, the Automotive Line and the Sour Gas Laboratory. You are just one click away.

OVERVIEW OF OUR PRODUCTS

voestalpine Tubulars produces seamless steel pipes up to an outside diameter of 7 5/8 inches (193.7 mm). Explore our products in the App.

DATASHEET GENERATOR

The Datasheet Generator is an online application created by voestalpine Tubulars to generate datasheets and load envelopes containing dimension and performance data for products provided by voestalpine Tubulars.

You can quickly and easily check the product application against field requirements in advance.

CATALOGS & CERTIFICATES

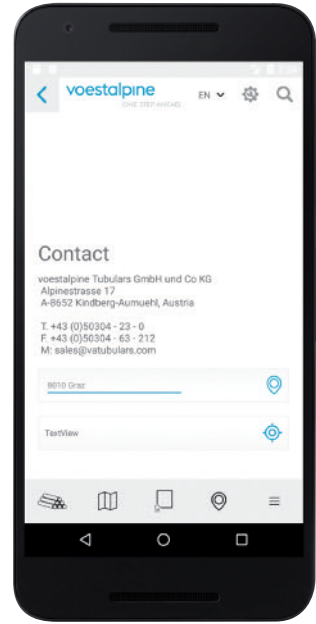

Don't miss any new brochures. Get the latest versions of our catalogs and certificates with the activation of push-messages.

CONVERSIONS

Use this tool to convert units which are often used and may be useful for your daily business.

CONTACT FINDER

Find contact details easily and fast. With this wonderful tool you never have to search through the entire website to find the right contact partner.
